TIMELESS WINDOW & DOOR COLLECTION

PREMIUM FLUSH SASH TIMBER ALTERNATIVE

The Timeless FlushSash system is crafted from modern, weatherproof UPVC, which - unlike traditional timber windows - will never need sanding or repainting and will never rot, split or swell.

These low-maintenance windows will keep your home looking its best for years to come, with no more work than an occasional wipe with a damp cloth.

AUTHENTIC STYLE

The newly unveiled Timeless FlushSash window is reminiscent of early 19th Century timber windows and is ideal for heritage homes, particularly in conservation areas where authentic looks are all-important.

- ✓ Sleek slimline frames
- ✓ Traditional Ironmongery Options
- ✓ Dummy peg stay option
- ✓ Exquisite Georgian bar option
- ✓ Night vent facility
- ✓ High security handles and locks for your peace of mind
- ✓ Sealed unit for increased energy efficiency
- ✓ Low maintenance uPVC frames
- ✓ Available in a wide range of hand-picked woodgrain finishes
- ✓ French Doors and Entrance Doors to match

CHOOSE FROM CLASSIC MITRE WELD OR OUR TRADITIONAL BUTT JOINTS

Unlike other flush systems, the Timeless Flush Sash is available in two jointing options; Classic Mitre Welded Joints, or Timeless Detail, which is our Traditional Butt Joint.

The Timeless Detail Traditional Butt Joint replicates a timber joint with meticulous detail. The joint is representative of handmade bench techniques employed by skilled craftsmen.

Classic Welds give a contemporary and modern twist to this heritage style. The corners are precision welded so that the join is practically seamless.

uPVC SKYPOD

Now you can create a skylight that complements the individuality of your home with our range of glass colours.

Skypod A bright addition to your home

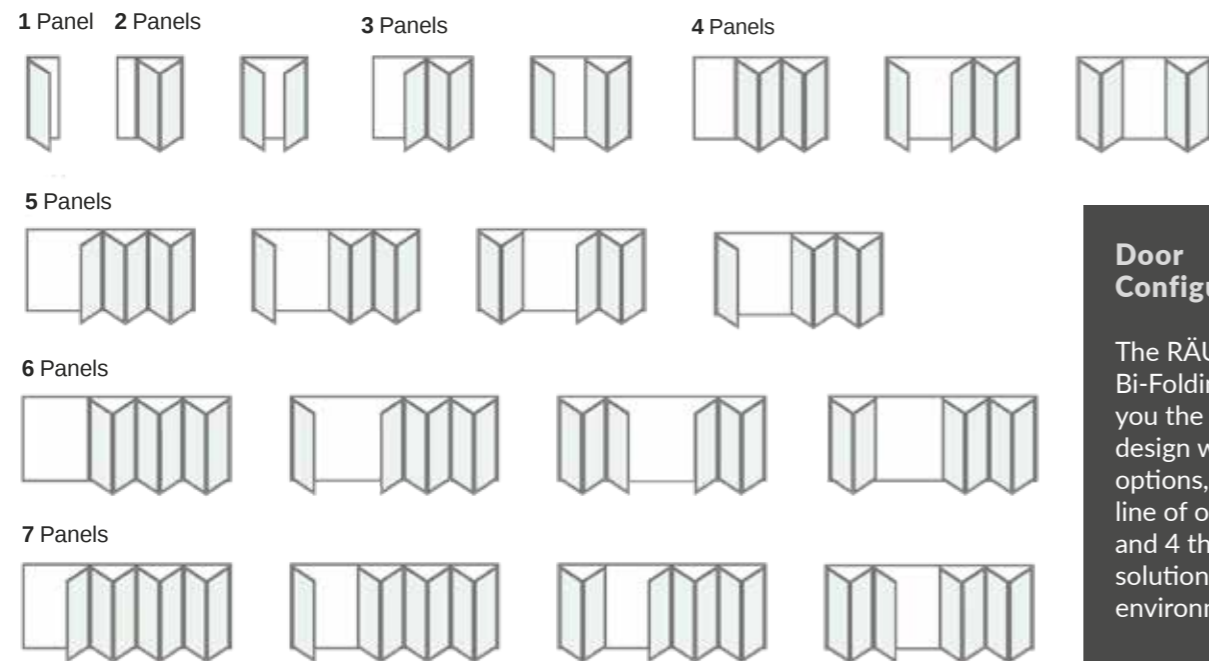

Imagine creating a stylish new living space that's flooded with natural light. Imagine an inspiring contemporary design feature that will not only enhance your lifestyle but add value to your home too. Some would call it the 'wow' factor. We call it Skypod.

When it comes to design, Skypod is a breath of fresh air. Without any crestings or finials on the roof, you get clean lines and lots of natural light. It also increases the height of your room. There's plenty of ways you can customise your Skypod to fit the look and feel you want for your home. You can choose between two bar or three bar gable pitched styles, plus a range of external frame colours. You can also choose clear, blue, bronze or neutral double-glazed glass.

Why choose Skypod

- ✓ Designed for superior performance
- ✓ A choice of frame and glass colours
- ✓ Cheaper than aluminium alternatives
- ✓ 10-year guarantee
- ✓ U-values as low as 1.0
- ✓ Self-cleaning, temperature controlled glass included as standard
- ✓ 20° or 35° fixed pitch

RÄUM ALUMINIUM LIFT AND SLIDE DOORS

SECURITY

A state-of-the-art multi-point locking system combined with an anti-lift design make these sliding doors some of the most secure on the market.

INSULATION

Our exclusively designed polyamide thermal break system and multi-chambered profile enables us to achieve industry-leading thermal performance in all our aluminium windows and doors. Combine this with high performance glazing and our sliding patio doors will help keep your house cosy and warm.

SAFETY

Class one safety glass (that complies with Building Regulations part K) is fitted as standard to all our doors, which means that if it breaks there are no dangerous shards of glass to worry about.

WEATHER PROOFING

A combination of multiple weather gaskets, brush strips and draft resistant interlocks between the door panels all help to keep out cold draughts. What is more, the closed door leaves slide around the frame on both sides for a really tight seal.

NOISE REDUCTION

Clever use of different materials in the frame combine with a range of architectural glazing options to provide some impressive noise reduction figures.

DESIGN OPTIONS

Choose from a comprehensive range of designs using one, two or even three tracks with multiple sliding doors. Our sliding doors come in industry-leading maximum sizes, maximising the glass area and giving you unobstructed views.

TIMBER ALTERNATIVE WINDOWS AND DOORS

The perfect view from your home.

The Timber Alternative window system is designed to replicate 19th Century timber windows, but fuses traditional aesthetics with modern materials to create a window that is both elegant and energy efficient.

The perfectly flush exterior recreates a true timber alternative aesthetic, whilst the interior is stylishly decorative, creating a classic home feel. The modern material is virtually maintenance free; no painting or staining required. Cleaning your windows needs minimum effort meaning they look newer for longer, leaving you time to do more of the things you love.

Superb performance Lower energy bills

Our Timber Alternative windows outperform many other window systems due to the combination of sophisticated design, innovation and technological advancements.

You can choose from highly efficient double or triple glazed units, attaining U-values of 0.8 with triple glazing, PassivHaus Standard, and 1.2 with double glazing, far surpassing the British Building Regulation requirements. All of this contributes to lower energy bills, keeping you cosy in the winter and cool in the summer.

Timber Alternative windows are designed to suit properties from old to new and you can create them entirely to your own taste or to suit your property.

We offer a huge variety of colours, hardware options, and features such as Georgian Bar and butt hinges, that will make your Residence 9 windows completely unique and add a touch of elegance to your home.

- ✓ Ideal for use in cottages, town houses and period properties
- ✓ Accommodates 28mm double or 48mm triple glazing
- ✓ Every window can be customised including style colour and hardware
- ✓ Mechanical joints for a truly authentic looking window
- ✓ Traditional range of colours and wood effect finishes

**WINDOWS & DOORS
THE WAY THEY'RE
MEANT TO BE™**

A Gallery dual rebated composite door brings warmth, comfort, style and security right to your doorstep.

Using the latest in composite technology, this range of elegant, high performance doors will give your home and family all the style and protection you need with very low maintenance.

So what is composite, and what makes it the right choice for you?

Composite doors add beauty to function. Not only do they look great, they also provide the strength and quality your family needs. And because they're designed to be extremely low-maintenance, they will save you money and hassle in the future.

It's easy to take a Gallery door for granted because it stays looking great year after year without any assistance from you! There's no sanding, no painting, and no varnishing. No fuss at all. All your door needs is an occasional wipe with a cloth once in a while to keep it looking pristine year after year.

Your Gallery Composite Doors save you money in other ways too. They improve the energy efficiency of your home, because they are made with especially durable materials including GRP and polyurethane foam reinforced with a sturdy skeleton that won't warp or deteriorate - meaning your heat stays in your home and your money stays in your pocket.

Gallery Colour Collection

For a design to work, the detail has to be just right. That's why we make it possible for our customers to have the colour of their choice not just on the outside, but also on the inside, the rebate, the frames and even on the drip bars.

BESPOKE COLOUR RANGE

We can make your door any colour you like, just bring along a RAL or BS reference and we'll match it. There is an extra charge for premium colours and non-standard RAL and BS colours.

Every effort has been made to reproduce the colour of our Gallery doors. However printing constraints will give rise to some colour deviation. Please note the grain on the GRP door does not replicate the grain on the frame as it is a PVC foil. The grain and colour on Oak and Rosewood doors is not an exact match to the PVC frame.

With a wide range of colours to choose from and the latest security features available for every door, a Solidor is the right choice for you. Invest in a Solidor and choose style, security and personality for your home.

SOLID TIMBER CORE

All our Solidor composite doors are based on our proven 48mm design that is 10% thicker than our nearest competitors and offers incredible around-the-clock protection. The added thickness of a Solidor is because it is manufactured from a solid timber core, which helps make it the most durable composite door on the market.

STYLES

With a wide range of colours to choose from and the latest security features available for every door, a Solidor is the right choice for you. Invest in a Solidor and choose style, security and personality for your home.

CHOOSE FROM 11,000+ COLOUR OPTIONS

We offer the largest range of composite door colours from stock in the UK. Choose from 20 colours inside and/or outside of the door, with 18 frame combinations. Amongst our hugely diverse colour range is a number of industry firsts including Rich Aubergine, Chartwell Green, Duck Egg Blue, French Grey and Irish Oak.

A WIDE RANGE OF ACCESSORIES

We have a fine selection of beautiful accessories for our composite doors including an array of elegantly styled and finished hinges, handles, letter plates and door knockers. Whether you're seeking a modern or traditional looking composite door, you will find an accessory to really make your Solidor stand out.

SECURITY - SECURE AS STANDARD.

Britain's most secure composite doors have just got even better thanks to Ultion. Fitted as standard in every Solidor, this revolutionary locking system will when locked, stay locked. Leaving a key on the inside of the lock won't affect its performance, plus you can have as many keys cut as you like.

If a break-in occurs as a result of lock snapping, Ultion will give you £1000.
